

The graph illustrates the growth of a network over 100 iterations. The y-axis, labeled 'Number of nodes', ranges from 0 to 100. The x-axis, labeled 'Iteration', ranges from 0 to 100. The data points are connected by lines, showing a rapid initial increase in the number of nodes, followed by a period of relative stability and minor fluctuations. The number of nodes stabilizes around 80-90 after approximately 40 iterations.
